Summary

Johnson's Enterprises N.V. is a family run business that has been in business for over 40 years. As office manager since January 2005 I have been able to experience and contribute to the expansion of the company with a partnership, with Johnson's Management of Assets.

Until September of 2009 the refinery provided both companies with their majority work as contractors in the rental of heavy equipment and manpower. At this time I am supporting in the exploration of other opportunities the market has to offer as well as to contribute to the continuation of the companies to give services in heavy equipment rental and manpower.

Interests

Being able to give back to the community fills me with joy and in 2007 I first joined the Rotaract Club of Aruba. In 2009 I also joined the board of the YMCA to contribute in another way to the community.

Besides charitable foundations I enjoy spending time with my family, traveling and enjoying culinary experiences with my fiancé.

1. Wat heeft u bewogen zich kandidaat te stellen voor het lidmaatschap van de Kamer?

Na het afnemen van de activiteiten binnen de raffinaderij hebben de ondernemers besloten om samen geïnformeerd te blijven en zodoende is er gevraagd wie zich vrijwillig als kandidaat zou willen stellen voor de Kamer van Koophandel. Dit leek mij een goede opportuniteit om van te kunnen leren.

2. Op welke wijze denkt u een bijdrage te kunnen leveren aan de ontwikkeling van de Kamer als instituut?

Door zo optimistisch en realistisch mogelijk ingesteld te blijven en mijn bijdrage te leveren in het comité waarin ik kom te zitten; door goed onderzoek te doen en specifiek advies te leveren.

3. Hoe denkt u de Kamer te kunnen helpen haar doelstelling, w.o het bevorderen van ondernemerschap op Aruba, te bereiken?

Door contact te zoeken en te houden met ondernemers van verschillende specialiteiten op Aruba en hierdoor de behoeftes van de ondernemers beter te begrijpen. Door geïnformeerd te blijven kan ik de Kamer helpen met het bereiken van haar doelstellingen.
